

NTT DATA Named an All Star Company in the 2018 Global 100 Outsourcing List

As a recognized leader in global technology services, NTT DATA Services was selected by IAOP for the Global Outsourcing 100 list in the Leader category.

What is the Global Outsourcing 100?

The list is published annually to distinguish the world's best outsourcing service providers. It includes companies from around the world that provide the full spectrum of outsourcing services. Judging is based on a rigorous scoring methodology that includes a review by an independent panel with extensive experience selecting outsourcing service providers and advisors.

The cumulative scores from judges earned NTT DATA “Top Company” for:

Size & Growth

Customer References

Awards & Certifications

Innovation Programs

CSR Programs

With an overall score of 6.1 — almost 2 points above the average (4.81) — NTT DATA was named an All Star Company in the Super Stars of the Global Outsourcing 100.

“We are thrilled to be named to The Global Outsourcing 100 list alongside many other impressive companies. At the end of the day, it is about helping our clients achieve their goals. This recognition is an acknowledgment that we are succeeding in delivering the business outcomes that matter most to our clients”

— John McCain
CEO of NTT DATA Services
